INTRODUCTION

The Intex Family of companies is dedicated to developing and manufacturing the highest quality products that not only provide the best value in price, but are innovative, fun and exciting. Backed by excellent Customer Service, Intex also provides first-rate after sales support. The 100+ independently owned and locally operated companies that make up the Intex Family all embrace this commitment to quality, service and price and are committed to working together to ensure the satisfaction of the families and individuals in countries across the globe who enjoy these products. This has become the hallmark of Intex around the world.

As a true industry leader, Intex boasts state of the art factories, trained and motivated people, products that meet rigorous testing requirements and a Customer Service organization that will go extra lengths to ensure our customers are satisfied and happy with their purchases.

That's why when you purchase an Intex product you can be confident that you are buying the best product, at the best price, backed by the best Customer Service organization in the industry.

2013

Intex is committed to delivering top quality products at a great value with the backing of a responsive Customer Service organization.

Our Airbed line is unmatched for breadth and beauty. Our Comfort Rest™ line consists of three series designed to meet all of your customers' needs: the "Outdoor" series is engineered for camping, travel, and all-around rugged use. It features stain-resistant materials, with beds perfectly suited to the outdoor environment. The "Inhome" series offers a wide selection of standard height and luxurious raised beds in a range of colors, sizes, and accessories to fit all decors and budgets. And for the young at heart, our "Loungin'" series comes with bright colors and fresh design concepts, guaranteed to attract a loyal following of young adults! Ask your Intex representative for any of our product catalogs – we are confident that you will agree that Intex's product line is unmatched in meeting your needs.

ROLL 'N GO™ BED

WITH FIBER-TECH™ DURA-BEAM™ CONSTRUCTION

new!

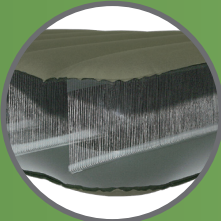

For the truly back-country Camper, Intex is proud to introduce an improved, ultra-lightweight, eco-friendly Airbed. This PVC-free Bed is built with our new, patent-pending Fiber-Tech™ Dura-Beam™ construction that replaces traditional vinyl beams with beams comprised of thousands of high-strength spun polyester fibers. These revolutionary Dura-Beams™ are significantly stronger and lighter than traditional beams, and don't stretch over time under air pressure. Combined with an extra-strong, lightweight TPU outer surface, this Bed is ultra-strong, ultra light, and ultra convenient. Perfect for the Great Outdoors! For extra convenience, the Roll 'N Go™ Bed comes with a hand-held manual air pump.

- This PVC Free airbed is constructed of laminated Thermoplastic Polyurethane (TPU), which means it is:
- Super Tough – Softens up the rough outdoors with a very durable, eco-friendly material
 - Super High Pressure – Inflates up to three times the pressure of a regular PVC junior-twin airbed for a firmer sleeping surface
 - Super Lightweight – Weighs approximately one third less than a common junior-twin PVC constructed airbed

AIRBED WITH HAND PUMP

Item	Size	Approximate Inflated Sizea	Hand Pump	Case Pack	Case Weight
69711 / E	JR.Twin	30" x 75" x 6" (76cm x 191cm x 15cm)	68612	6 Ea.	29.6 lb. (13.4kg)

Fiber-Tech™ Dura Beam™ Construction
Patent pending

Lightweight and easy to carry

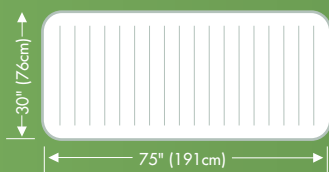

Two third the weight of a comparably sized PVC airbed

PVC Free

WITH INFLATING PUMP

- Quality tested 13.6 gauge (0.34mm) specs
- Eco-friendly TPU laminated fabric
 - Over twice the tensile and puncture strength of traditional beds
 - 60% greater seam strength
- Fiber-Tech™ Dura-Beam™ interior construction
- Hand-held hi-output lightweight manual air pump
- Folds compactly for storage
- Duffel bag with handle included

JR.TWIN

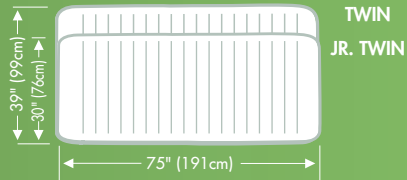

SUPER-TOUGH™ AIRBED

WITH FIBER-TECH™ DURA-BEAM™ CONSTRUCTION

Intex is proud to introduce the ultimate Airbed for campers. Our new, patent-pending Fiber-Tech™ Dura-Beam™ construction replaces traditional vinyl beams with beams comprised of thousands of high-strength spun polyester fibers. These revolutionary, eco-friendly Dura-Beams™ are significantly stronger and lighter than traditional beams. They do not stretch over time under air pressure, providing a comfortable sleeping surface with the right amount of firmness and support. For the ultimate in convenience, the Super-Tough™ bed is also available with a built in, rechargeable battery pump.

STRENGTH, LIGHT-WEIGHT, CONVENIENCE, & COMFORT

- Quality tested 16.8 gauge (0.42mm) specs
- Super-Tough™ laminated exterior surfaces
- Fiber-Tech™ Dura-Beam™ interior construction
- Carry bag included

DOWNY BED

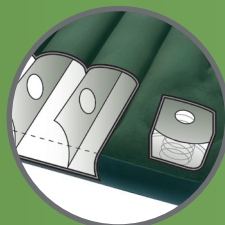

This airbed has a flocked top that provides a more comfortable sleeping surface. Its unique wave beam construction eliminates uncomfortable surface bumps and provides a flat, uniform sleeping surface. The Downy airbed can be inflated with either the built-in manual foot pump or a regular pump.

BUILT-IN FOOT PUMP FOR CONVENIENCE

- Quality tested 20.8 gauge (0.52mm) waterproof flocked top with 15 gauge (0.38mm) vinyl sides and bottom
- Unique built-in bellow foot pump for convenience-no separate pump needed. Just step down to inflate and the pump springs back automatically for the next cycle
- New and improved foot pump construction allows for faster inflation
- 2-in-1 valve for inflating with optional electric or manual pumps
- Conventional mattress sizes (L x W) for more sleeping area and a better fit for sheets
- 8¾" (22cm) mattress thickness for extra soft comfort
- Folds compactly for storage or travel
- Shelf box

2-IN-1 AIRBED

Our 2-in-1 Bed is still the most flexible, all-purpose airbed: Two beds in one! Attached by four snap-buckles, it easily converts from a flopped high-rise bed into two single height beds. Both beds have plush flopped surfaces for soft comfort and provide a restful night's sleep. It's incredibly easy to maintain and is the perfect bed for consumers who have multiple house guests, for kids' sleepovers and for family camping trips. Its versatility makes it one of the most popular beds in our collection!

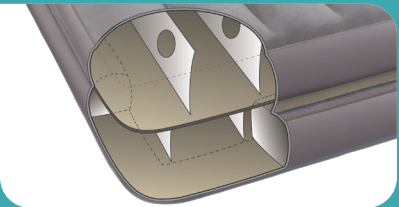

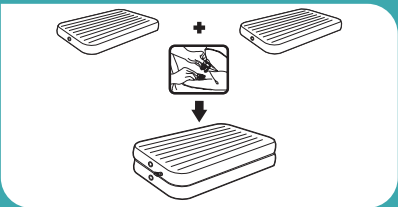

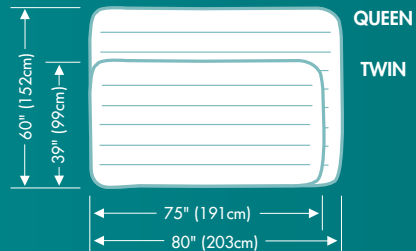

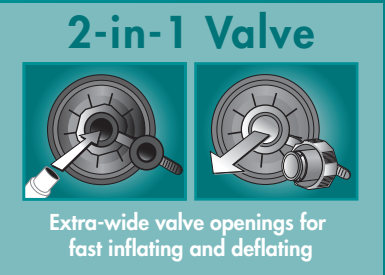

ELEVATED BED CONVERTS TO TWO SEPARATE BEDS

- Quality tested 20.8 gauge (0.52mm) waterproof flopped top with 15 gauge (0.38mm) vinyl sides and bottom
- 2-in-1 valve has extra-wide openings for fast inflating and deflating
- Four snap-buckles turn 1 high-rise bed into 2 single layer beds for more guests
- Dual wave beam construction provides an added level of sleeping comfort
- Flopped sleeping surface for extra comfort all night long
- Conventional mattress sizes (L x W) for more sleeping area and a better fit for sheets
- Folds compactly for easy storage or travel
- Shelf box

SLEEPING BAG AIRBED

For kids' sleepovers or unexpected house guests, this bed combines a quality airbed with a detachable sleeping bag. Just roll it out, inflate, and within minutes your sleeping bag airbed is ready to give you instant comfort. For added convenience, the sleeping bag can be snugly attached to the airbed for a firm fit, or used separately. This airbed includes a powerful built-in electric air pump that makes it a breeze to inflate. And when you or your guests are done sleeping, the power-deflate feature makes it incredibly easy to deflate and store!

DESIGNED FOR CONVENIENCE

- Quality tested 15 gauge (0.38mm) airbed
- Warm sleeping bag and comfortable airbed can be used together or separately
- A built-in pillow provides bed-like comfort
- Includes hand carry bag
- Shelf box

CONVERTIBLE LOUNGE BED

Even if you don't drive a convertible, you will appreciate the practical versatility of this convertible bed. The convenient, comfortable backrest snap-buckles to the bed quicker than any convertible on the road! Designed for sleeping comfort, the cup holders will also hold your alarm clock and eye glasses, without the need for a bed side table. Hand-held electric pump is included for quick inflating.

FREEDOM OF THE CONVERTIBLE

- Bed - Quality tested 21.2 gauge (0.53mm) waterproof flocked top with 15 gauge (0.38mm) vinyl sides and bottom
- Backrest - Quality tested 21.2 gauge (0.53mm) waterproof flocked top with 15 gauge (0.38mm) bottom
- Backrest is raised 19" (48cm) from the mattress for comfort
- Hand-held AC pump for quick inflation
- 3-in-1 valve on mattress has extra-wide openings
- XXL valve on backrest for easy inflation and deflation
- Quick coupling buckles for the backrest
- Cup holders for refreshments
- Conventional mattress size (L x W) for more sleeping comfort and a better fit for sheets
- Weight capacity: 600 lbs. (273kg)
- Includes hand carry bag
- Shelf box

COMFORT-PLUSH MID RISE AIRBED WITH FIBER-TECH™ DURA-BEAM™ CONSTRUCTION

Intex is proud to introduce a Mid-Rise Airbed for demanding consumers that's sure to delight their guests. Our new, patent-pending Fiber-Tech™ Dura-Beam™ construction replaces traditional vinyl beams with beams comprised of thousands of high-strength spun polyester fibers. These revolutionary, eco-friendly Dura-Beams™ are significantly stronger and lighter than traditional beams, and they do not stretch over time under air pressure. So they provide an amazingly comfortable and supportive sleeping surface with just the right amount of firmness. The sleeping surface is covered in soft flocking for extra comfort, and for increased stability the entire bed is surrounded with an additional air chamber. A built-in electric pump provides further convenience.

U.S. Patent No. D414,644

DELUXE PILLOW REST RAISED BED

A deluxe version of our best selling Pillow Rest Raised Bed! This style features an outer perimeter frame on the sleeping surface that provides added stability. This outer frame prevents your guests from accidentally rolling off – especially useful when the bed sleeps two! The two-tone color is pleasing to the eye, and the soft plush flocking of the built-in pillow makes this bed a premium sleeping experience.

BUILT-IN PILLOW AND SOFT FLOCKED TOP FOR COMFORT

- Quality tested 21.2 gauge (0.53mm) waterproof flocked top with 15 gauge (0.38mm) vinyl sides and bottom
- 3-in-1 valve on "Airbed Only" series has extra-wide openings for fast inflating and deflating
- Mattress is raised 16¾" (43cm) from the floor for convenience
- Indented sides to better grip standard size sheets
- Includes hand carry bag
- Shelf box

RAISED DOWNY BED

Our Raised Downy Bed is the perfect bed for consumers who are used to sleeping on raised surfaces. Your house guests will love the support and firmness created by the dual chamber construction. Indented sides help grip fitted sheets. The outer perimeter frame on both top and bottom provides additional stability and support making this bed the ultimate Comfort Rest™ experience.

ELEVATED FOR COMFORT & CONVENIENCE

- Quality tested 21.2 gauge (0.53mm) waterproof flocked top with 15 gauge (0.38mm) vinyl sides and bottom
- Dual-chamber construction. The lower chamber functions as the box spring form on a traditional bed, providing extra firmness and support. The upper chamber functions as a mattress
- 60" x 80" (152cm x 203cm) queen-sized mattress is raised 22" (56cm) from the floor for convenience
- Cozy flocked mattress top
- Deflates completely for travel and storage
- Weight capacity: 600 lbs. (273kg)
- Includes hand carry bag
- Shelf box

SUPREME AIR-FLOW BED

Our top of the line Supreme Air Flow Bed is engineered to provide the ultimate comfort with the look and feel of a real high end bed! A network of inter-connected air pockets on the top and sides of the bed cause the air to flow smoothly and gradually across the sleeping surface for unbelievable comfort and stability. The dual chamber construction provides firm support and allows for fitted sheets to tuck in easily. Topped with super soft Velvetaire™ flocking, this bed rivals a traditional mattress, providing a premium sleeping experience.

ELEVATED WITH BUILT-IN ELECTRIC PUMP

- Quality tested 26.4 gauge (0.66mm) super soft Velvetaire™ flocked top and sides with 15 gauge (0.38mm) vinyl bottom
- Dual chamber construction consists of I-beams in bottom chamber and coil beams in upper chamber that is surrounded on top and sides with a layer of inter-connected air cells to ensure gradual, smooth airflow across the entire surface of the bed
- Mattress is raised 20" (51cm) from the floor for convenience
- Mattress quickly and easily inflates and deflates with a high-powered built-in electric pump
- Cozy flocked fabric mattress that allows for sheets to be easily tucked in
- Includes hand carry bag
- Shelf box

U.S. Patent No. 7,636,970

COMFORT FRAME BED

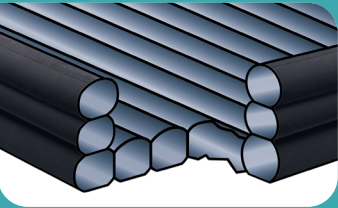

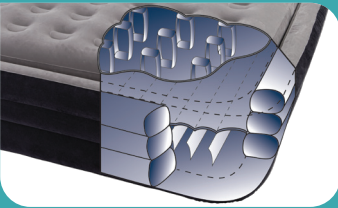

This bed is so comfortable, it can actually be a permanent sleeping solution to a traditional mattress and box spring. Bed sheets tuck easily and securely around the inner mattress which then slips into the inflated frame. The frame provides more support for the bed, adding a level of comfort and firmness that can rarely be achieved by other beds. This bed can easily be converted into two separate beds by removing the inner mattress; the frame becomes one bed, and the inner mattress becomes another. Finished with super soft Velvetaire™ flocking and a unique pillowed headboard for added luxury, this is the premium version of two beds in one!

TWO BEDS IN ONE - INNER MATTRESS PULLS OUT TO MAKE TWO SEPARATE BEDS

- Quality tested 26.4 gauge (0.66mm) super soft Velvetaire™ flocked top and sides with 15 gauge (0.38mm) vinyl beams and bottom
- Queen-sized mattress is raised 15½" (39cm) from the floor for convenience
- Airbed frame consists of I-beams for a stable base and tubular chambers on the sides for firmness and support
- Bed sheets can tuck easily and securely into the bed frame
- Weight capacity: 600 Lbs. (273kg)
- Includes hand carry bag
- Shelf box

ELECTRIC PUMPS

These Quick-Fill™ electric pumps have a sleek, aerodynamic design that fits perfectly in the palm of your hand, yet still inflate even the largest of inflatables in a breeze.

Quick-Fill™ BATTERY Pump features include:

- 24% more air flow than previous version (#68639)
- Operates on 6 "C" cell size batteries
- 3 interconnecting nozzles
- CE approved
- Shelf box

#68638

Quick-Fill™ DC Electric Pump features include:

- 3 interconnecting nozzles
- Plug into 12 volt DC automobile cigarette lighter or 12 volt DC accessory outlet
- Shelf box

#66626 (12 volt)

Quick-Fill™ AC Electric Pump features include:

- 3 interconnecting nozzles
- UL/CSA listed (110-120 volt)
- CE approved (220-240 volt)
- Shelf box

#66619 (110-120 volt)
#66620 (220-240 volt)

Quick-Fill™ AC Electric Pump features include:

- 3 interconnecting nozzles with hose
- Thermo protector incorporated for safety
- New shape with easy carry handle
- ETL listed (110-120 volt model)
- CE, GS approved (220-240 volt model)
- Shelf box

#66623 (110-120 volt)
#66624 (220-240 volt)

Quick-Fill™ High PSI Indoor/outdoor Electric Pump features include:

- For both indoor and outdoor use - plugs into cigarette lighter or household electrical outlet
- 2-speed switch
- Inflates athletic balls up to 12 psi
- Detachable DC cigarette cord
- UL/CSA listed (110-120 volt)
- CE approved (220-240 volt)
- Shelf box

#68608 (110-120 volt) shown
#68609 (220-240 volt)

Quick-Fill™ RECHARGEABLE Pump features include:

- 3 interconnecting nozzles
- A 12-volt DC power adapter for vehicle charging and a household AC power adapter for home charging
- 12 volt DC to inflate and deflate while recharging
- Automatic over-charge cut off for safety protection
- New shape with easy carry handle
- CE approved (220-240 volt model)
- Shelf box

#66621 (110-120 volt)
#66622 (220-240 volt)

MANUAL PUMPS

#68612

#68612 / E Hi-Output Hand Pump

- 11½" (29cm)
- TUV NORD approved
- Inflates on both up and down strokes
- Shelf box

12 Ea., 10.9 Lb. (5.0kg)

#68614

#68614 / E Hi-Output Hand Pump

- 1½ times the air flow of #68612
- 14" (36cm)
- TUV NORD approved
- Pumps on fore and back strokes
- Shelf box

4 Ea., 6.1 Lb. (2.8kg)

#68615

#68615 / E Hi-Output Hand Pump

- 2½ times the air flow of #68612
- 19" (48cm)
- TUV NORD approved
- Large nozzle threaded for athletic ball inflating needle (one included)
- Inflates athletic balls up to 8 psi
- Pumps on fore and back strokes
- Shelf box

3 Ea., 9.0 Lb. (4.1kg)
U.S. Patent No. 6,299,420

#69613

#69613 / E Double Quick Mini Hand Pump

- 11½" (29cm)
- TUV NORD approved
- Pumps on fore and back strokes
- Hose with graduated nozzle

24 Ea., 8.5 Lb. (3.9kg)

#68610 / E Giant Bellows Foot Pump

- 20% more air flow than of #69611
- 12" (30cm)
- Shelf box

6 Ea., 13.3 Lb. (6.0kg)

#68610

#69611 / E Bellows Foot Pump

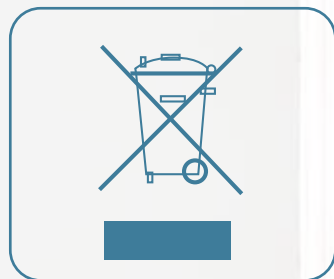

- 11" (28cm)
- Inflates and deflates
- Shrink wrapped with litho label

6 Ea., 8.4 Lb. (3.8kg)

#69611

COMMITMENT TO EXCELLENCE

In today's rapidly evolving and highly competitive environment, this translates into a total commitment to product quality, including conformity to all relevant safety & quality regulations and standards. Examples include:

- EU directive 2005/84/EC “restrictions on the marketing and use of certain dangerous substances and preparations (phthalates in toys and childcare articles)”
- EN 71 “Safety of toys” (European standard)
- EN 13138 “Buoyant aids for swimming instruction” (European standard)
- EN15649 “Floating leisure articles for use on and in the water” (European standard for airmats, lounges and other similar items)
- EN 60335-2-41 “Safety of household and similar electrical appliances, particularly pumps” (European standard for water pumps)
- ISO 6185-1 “Inflatable boats” (International standard for Sports Boats)
- NMMA-ABYC (USA standard for hi-end sports boats)
- ASTM F963 “Standard Consumer Safety Specification for Toy Safety” (USA toy standard)
- ANSI-4 “AGP standard” (USA standard for above ground pools)
- CPSIA “Consumer Product Safety Improvement Act” (USA regulation of consumer and children’s products)
- ASTM F2666 “Small pools standard” (USA standard for pools under 36” water depth)
- UL507 “Electric inflators” (USA standard for electric inflators)
- UL1081 “Swimming pool pumps, filters and chlorinators” (USA standard)

Intex's commitment to Excellence extends to helping our environment and supporting the ecosystem. It begins with product design. Intex's filter pumps operate on much lower amps than most filter pumps in the market, reducing electricity consumption. Our saltwater systems clean pools using only natural salt, eliminating the ongoing need for environmentally unfriendly packaged chlorine.

Intex also operates one of the most comprehensive recycling programs in the industry. We are the first company in China to successfully obtain a license to ship consumers' returns in the original package back to China to be recycled. Therefore, used materials and product returns are prevented from going to landfills and instead re-used in the manufacturing process where up to 10% of annually produced PVC is recycled.

Intex designs all of our own packaging for our products. We constantly challenge our methods of packaging to improve efficiency and reduce waste. More compact packaging techniques save cardboard while cutting down on space utilization, saving freight and fuel consumption.

As a manufacturer, Intex knows it has a responsibility to manage the amount of waste produced. As an employer of over ten thousand people, we also encourage our own employees to recycle, reduce waste, and be conscious of the environment. Starting from recycling corners for all our worldwide office facilities, our Factory has worked with the local government as well as through sponsorships with **key partners** to strengthen our efforts to be more eco-friendly. Intex has worked to provide incentives and seminars to employees as well as setting targets to reduce energy consumption. In addition, Intex has made significant investment in technology to achieve these goals. For example, we have implemented a frequency converter system which converts diesel to natural gas, installed solar water heaters and set up a recycled sewage system, and invested in equipment that reduces gas emissions.

From product design, to more efficient processes that save energy and reduce waste, to a world class recycling program, to more energy efficient offices, the people at Intex are striving to provide the best value products anywhere while constantly keeping our global ecosystem in mind.
