INTEX®

2025 COMFORT REST® AIR MATTRESS COLLECTION

COMFORT REST

2025 AIR MATTRESS COLLECTION

ABOUT US

The INTEX family of companies develops and manufactures high-quality products that deliver on reasonable pricing and optimal excitement. We also provide first-rate after-sales support, backed by excellent customer service. More than 100 independently owned and locally operated companies are committed to the satisfaction of families and individuals across the globe. It's a source of pride wherever we go.

Intex Recreation Corp., Long Beach, California, USA

INTEX air mattresses range from trail-ready camping mats to elegant guest beds, but all have engineered durability and uncommon comfort in common as their lodestar. The Dura-Beam® Standard Series offers durable and supportive air mattresses at an attractive price point, while the Dura-Beam® Plus Series features premium-quality raised air mattresses in a variety of styles. The Dura-Beam® Deluxe Series stakes its ever-burgeoning reputation on luxurious raised air mattresses with enhanced sleeping surfaces.

Intex Manufacturing and Distribution Complex, Xiamen, China

2025

Unitex Service (France) S.A.S., France

Buyers trust our state-of-the-art factories, motivated sales staff and rigorously tested products to add value to their shelves. In return, we go to great lengths to ensure they're happy partnering with us.

Intex Development Co. Ltd., Hong Kong

Intex Trading B.V., The Netherlands

PremAire® Airbeds add extra comfort with a plush pillow top while balancing their aesthetic brilliance with practical puncture resistance. Our camping mats travel well, indoors or on trails. Our Air Furniture products brighten spaces in a variety of colors and designs for young adults.

Ask your INTEX® representative for any of our product catalogs—we are confident you'll agree our product lineup is unmatched in meeting your needs.

COMMITMENT TO EXCELLENCE

In our quest to deliver the highest-quality products that meet or exceed the expectations of our customers, INTEX devotes large-scale effort to even the smallest details.

Our vision is to be the most recognizable, trusted and innovative company in our industry. After more than 40 years, we know that vision requires ongoing hard work and fresh ideas.

Every product we create meets legal quality and safety requirements, but we demand more of ourselves with layers of rigorous testing and constant reinvention.

All products with the Air Lock™ icon are quality tested to be air tight before they leave our factory

Sustainable resource management is a growing part of our identity. Through every step of manufacturing, the environment is top of mind.

Our manufacturing waste repurposing program prevents used materials and scraps from going into landfills. Instead, these byproducts reenter our manufacturing pipeline with up to 10% of our PVC recycled annually.

In addition, INTEX designs all of the packaging for our products, often revisiting our production methods to improve efficiency and reduce waste. More compact packaging techniques save cardboard while cutting down on space utilization—which has a positive effect on fuel consumption and freight. We’ve even overhauled the packaging style of select product lines to use significantly less non-recyclable lithography, in favor of a “brown box” approach.

We’ve also implemented water-based printing, which means fewer toner cartridges in landfills and less-toxic screening results.

Lastly, our increased use of thermoplastic polyurethane (TPU) gives us an easier recycled, more biodegradable material to work with.

Here are some of the regulations and standards we conform to:

- Regulation (EC) No. 1907/2006 “Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)”
- Regulation (EU) No. 2011/65 “Restriction of the use of certain Hazardous Substances in electrical and electronic equipment (RoHS)”
- Regulation (EU) No. 2012/19 “Waste Electrical and Electronic Equipment (WEEE)”
- EN 60335-1: Safety of household and similar electrical appliances — General requirements
- ASTM F2755: Standard Safety Specification for Cautionary Labeling of Inflatable Air Mattresses
- UL1450 “Electric inflators” (USA standard for electric inflators)

INNOVATIVE FIBER-TECH™ TECHNOLOGY

An Incredible Night's Sleep Starts With a Single Thread...

**MORE
DURABLE**

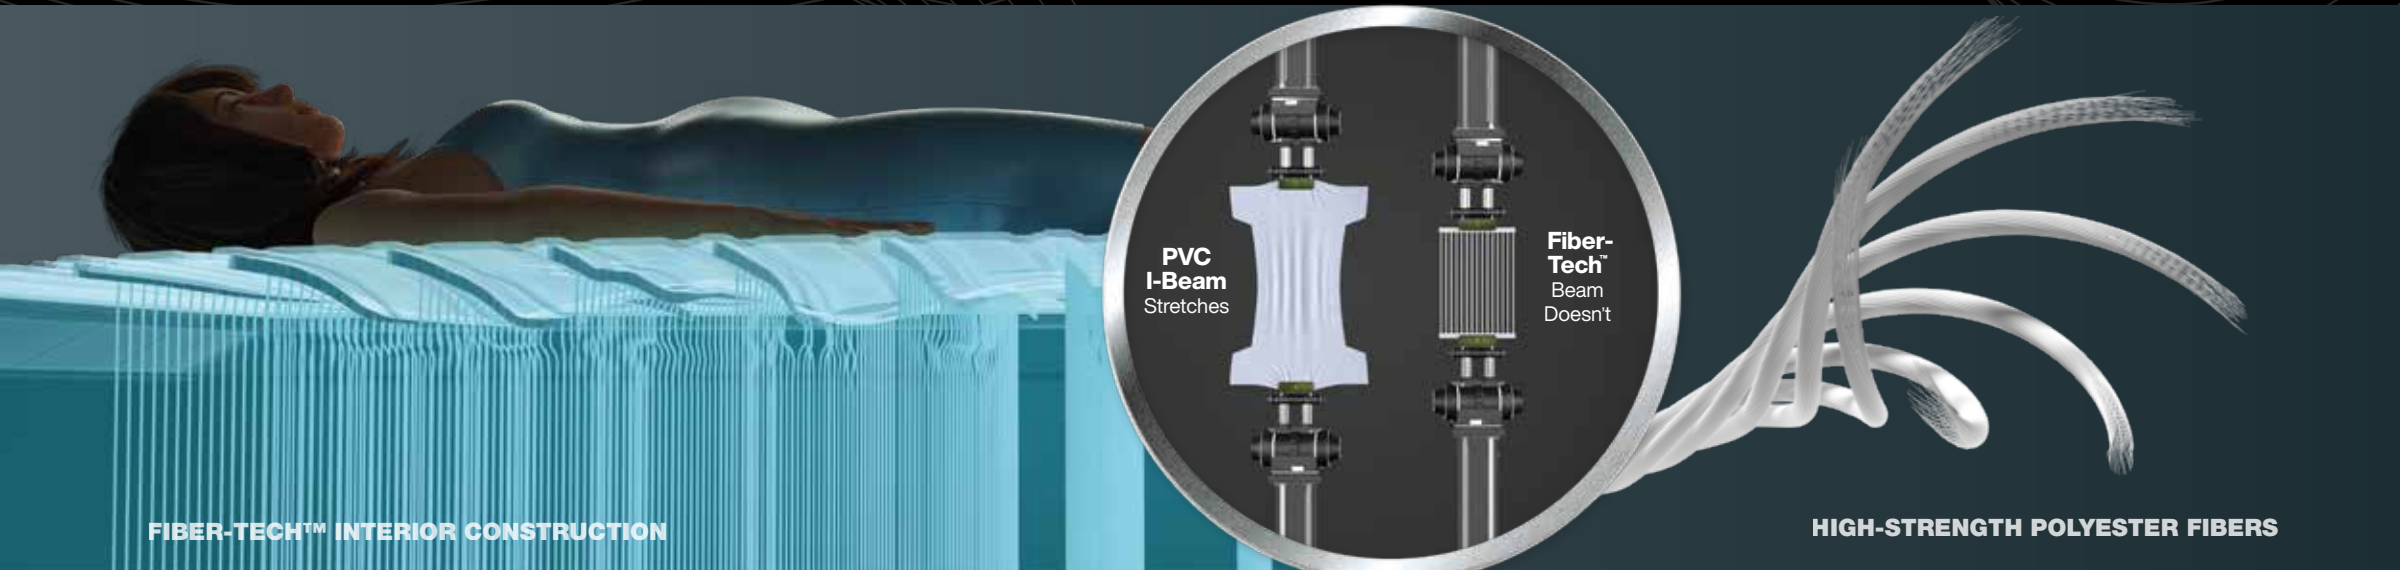

**MORE
SUPPORTIVE**

LIGHTER

...than a traditional airbed

Designed for Comfort Engineered for Durability

Our innovative, patented Fiber-Tech™ Technology airbeds are comprised of thousands of high-strength polyester fibers. Unlike traditional airbed construction, these high-strength polyester fibers do not stretch over time, resulting in amazing durability for years of lasting comfort. Fiber-Tech™ interior construction provides the ideal firmness for superb support and rejuvenating sleep.

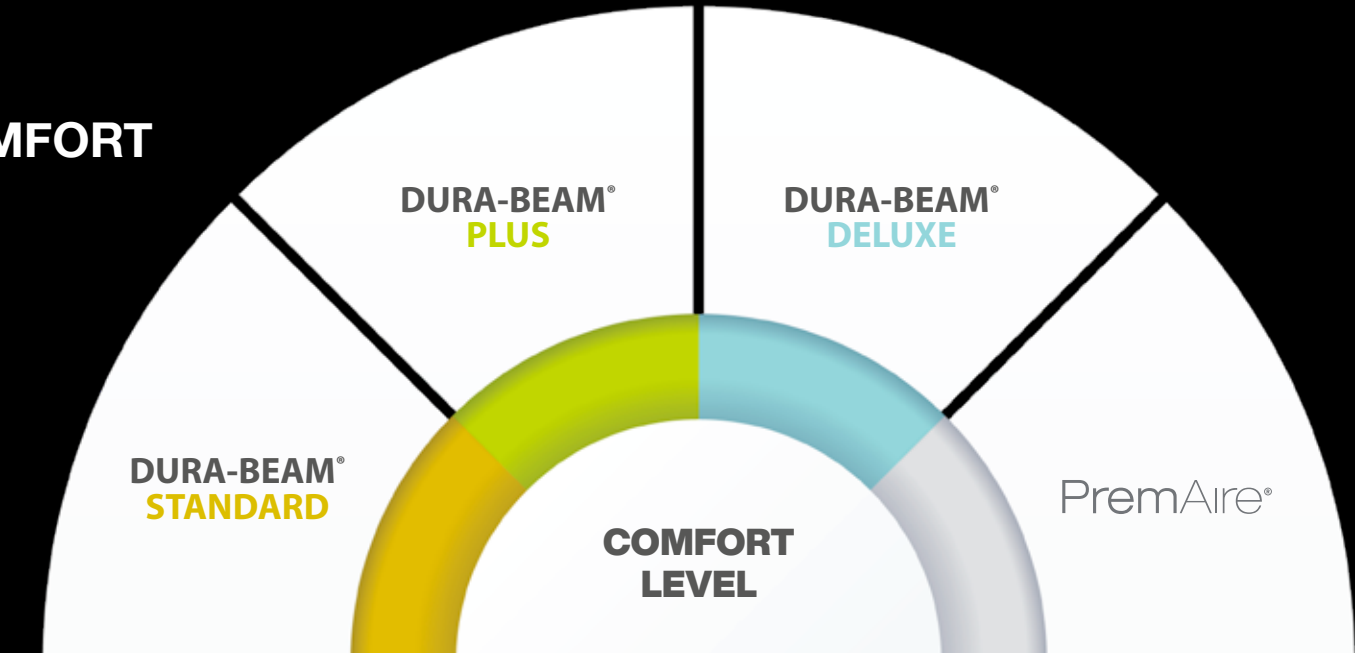

Standard interior construction has been enhanced with lightweight, high-strength fibers for amazing durability and comfort.

U.S. Patent No. 8,562,773 / U.S. Patent No. 9,156,203 / U.S. Patent No. 9,802,359

FIND YOUR PERFECT COMFORT

INTEX offers a comprehensive range of air mattresses, covering a variety of comfort options to provide the **PERFECT SLEEP SOLUTION** for indoor or outdoor occasions.

DURA-BEAM® STANDARD

All the basic comfort a person needs.

DURA-BEAM® PLUS

A step up with added features.

DURA-BEAM® DELUXE

For those who require a little luxury.

PremAire®

Top-of-the-line comfort innovation.

DURA-BEAM®

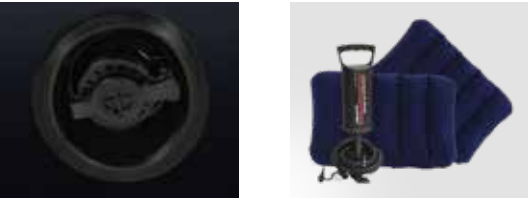

STANDARD SERIES

The Anywhere Sleep Solution

Wherever a person is—hosting overnight guests or camping outdoors—Dura-Beam® Standard air mattresses feel like home. The secret: Our patented Fiber-Tech™ interior construction brings together thousands of hearty strands to form supportive beams of comfort and a bed height of up to 12". Dura-Beam® Standard air mattresses are the affordable anywhere sleep solution.

DURA-BEAM®

DELUXE SERIES

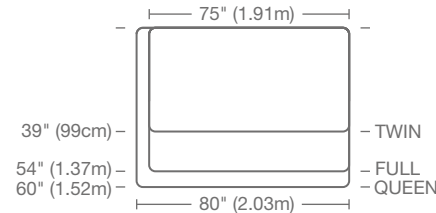

Unparalleled Comfort and Elegance

Our soft, dual-layer comfort top engages the contours of the body for a transformative rest. Each air mattress in this series features a raised height for easy access. With a powerful internal pump, inflation and deflation is easy, so an enjoyable sleep is quickly within reach.

COMFORT PLUSH

MID-RISE AIR MATTRESS

Comfort-Plush Horizontal Beam Airbed

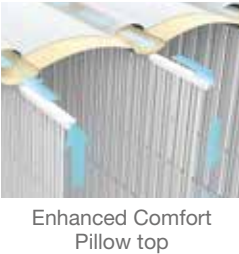

- Fiber-Tech™ Technology
- Mattress is raised 13" from the floor for convenience
- Dual-layer comfort top provides smooth sleeping surface
- Unique edge and bottom ring construction provide superior stability
- Powerful internal pump for rapid inflation and deflation

Houseguests appreciate the luxurious rest afforded by this eminently cozy air mattress. Its sleep surface offers a dual-layer for added comfort, and top-and-bottom edge support for stability. Inside, Fiber-Tech™ construction brings thousands of durable threads together to form supportive beams.

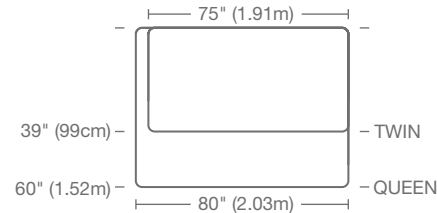

ITEM#	TYPE	APPROXIMATE INFLATED SIZE	VOLTAGE	INFLATING TIME	CASE PACK	CASE WEIGHT

COMFORT PLUSH

ELEVATED AIR MATTRESS

Comfort-Plush Horizontal Beam Airbed

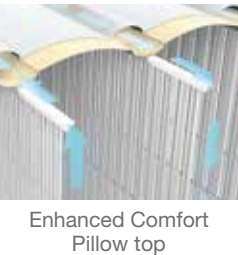

- Fiber-Tech™ Technology
- Mattress is raised 18" from the floor for ease of getting in and out of bed
- Dual-layer comfort top provides smooth sleeping surface
- Unique edge and bottom ring construction provide superior stability
- Powerful internal pump for rapid inflation and deflation

Enhanced with Fiber-Tech™ interior construction, this air mattress is built to provide uncommon comfort and reassuring durability. Outside, the plush sleep surface caresses, while inside, horizontal beams provide support. Top-and-bottom edge support ensure stability throughout a restful night.

ITEM#	TYPE	APPROXIMATE INFLATED SIZE	VOLTAGE	INFLATING TIME	CASE PACK	CASE WEIGHT

COMFORT PLUSH

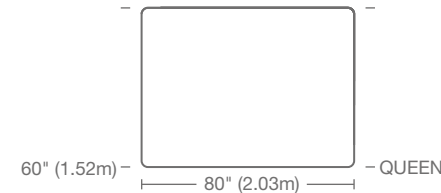

HIGH-RISE AIR MATTRESS

This 22" Comfort Plush High-Rise Queen Air Mattress has the height and comfort level of a traditional spring mattress. Inside, Fiber-Tech™ construction focuses thousands of durable threads into supportive beams, while the unique K-beam edge support offers enhanced stability.

QuickFill® plus internal pump (110 - 120V)

QuickFill™ plus internal pump (220 - 240V)

Comfort-Plush Horizontal Beam Airbed

- Fiber-Tech™ Technology
- Mattress is raised 22" from the floor for ease of getting in and out of bed
- Quality tested velvety top and sides with vinyl bottom
- Carry bag allows for easy transport and storage

K-beam
construction

ULTRA PLUSH

AIR MATTRESS

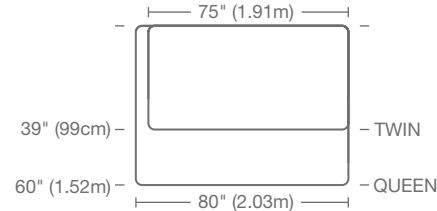

The Ultra Plush Air Mattress is as aesthetically elegant as it is intrinsically well-constructed. Topped by dual layers and a velvety sleep surface, this mattress looks the part of a VIP guest bed. Inside, our patented Fiber-Tech™ construction provides sturdiness, durability and support in horizontal beams. A powerful internal pump makes inflation and deflation easy.

QuickFill® plus internal pump (110 - 120V)

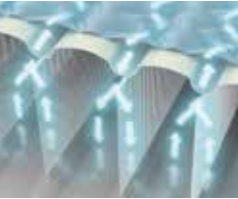

QuickFill™ plus internal pump (220 - 240V)

SUPREME AIR-FLOW™

AIR MATTRESS

Our Supreme Air-Flow Air Mattress is engineered with Fiber-Tech™ technology to provide the ultimate in comfort, with the look and feel of a real high-end bed. A network of interconnected air pockets causes the air to flow smoothly and gradually across the top and sides of the sleep surface.

Comfort-Plush Horizontal Beam Airbed

- Fiber-Tech™ Technology
- Mattress is raised 20" (51cm) for ease of getting in and out of bed
- Quality tested velvety top and sides with vinyl bottom
- Carry bag allows for easy transport and storage

Double Layered construction

ULTRA PLUSH

HEADBOARD AIR MATTRESS

A built-in headboard means additional comfort and utility for this air mattress. Guests will love the back support while they lounge and watch TV. Plus, it prevents pillows from falling to the floor during sleep. A dual-layer comfort top surface provides a cushioned feel for maximum comfort.

Ultra Plush Features With Headboard

- Fiber-Tech™ Technology
- Mattress is raised 18" (46cm) for ease of getting in and out of bed
- Headboard provides support when sitting up and prevents pillows from falling off
- Construction allows bed sheets to tuck in easily and securely
- Dual-layer comfort top provides smooth sleeping surface
- Unique edge and bottom ring construction provide superior stability
- Powerful internal pump for rapid inflation and deflation

ITEM#	TYPE	APPROXIMATE INFLATED SIZE	VOLTAGE	INFLATING TIME	CASE PACK	CASE WEIGHT

Plush Features With Headboard

- Fiber-Tech™ Technology
- Mattress is raised 18" (46cm) for ease of getting in and out of bed
- Headboard provides support when sitting up and prevents pillows from falling off
- Construction allows bed sheets to tuck in easily and securely
- Dual-layer comfort top provides smooth sleeping surface
- Unique edge and bottom ring construction provide superior stability
- Powerful internal pump for rapid inflation and deflation

We added more “cozy” to this air mattress, via a built-in headboard. Guests will love the extra back support for vertical situations such as watching TV or lounging. The headboard also keeps pillows from falling on the floor during sleep. The top surface sports a dual layer for maximum, cushioned comfort.

- 3½ times the air flow of #68612
- GS approved
- Large nozzle threaded for athletic ball
inflating needle (one included)
- Inflates athletic balls up to 8 psi
- Inflates and deflates
- Pumps on both up and down strokes
- Accordion hose with 4 nozzles
- Shelf box
19" (48cm)
3 ea, 7.6 lb (3.5 kg)

ELECTRIC PUMPS

QUICKFILL™ USB150 AIR PUMP 66616/E

- Powered by 5V USB-A power source rated 2A and higher
- Inflates and deflates
- Lightweight and portable
- 2 interconnecting nozzles
- CE approved
- Shelf box

QUICKFILL™ USB200R RECHARGEABLE AIR PUMP 66637/E

- 5V 2AH Ni-MH
- Inflates and deflates
- Type A supports power bank, charging phone, USB lights etc
- Lightweight and portable
- 2 interconnecting nozzles
- CE approved
- Shelf box

QUICKFILL™ AC400 ELECTRIC PUMP 66645E/66646

- Inflates and deflates
- Thermo protector incorporated for safety
- Lower noise level
- 2 interconnecting nozzles
- MET approved (110-120V)
- GS, CE approved (220-240V)
- Shelf box

QUICKFILL™ DC ELECTRIC PUMP 66636/E

- 3 interconnecting nozzles
- Plug into 12V DC automobile cigarette lighter or 12V DC accessory outlet
- MET approved
- CE approved
- Shelf box

QUICKFILL™ DC ELECTRIC PUMP 66641E/66642

- 3 interconnecting nozzles
- A 12V DC power adapter for vehicle charging and a household AC power adapter for home charging
- 12V DC to inflate and deflate while recharging
- Automatic over-charge cut off for safety protection
- New shape with easy carry handle
- Built-in Battery charging indicator
- MET approved (110-120V)
- CE approved (220-240V)
- Shelf box

QUICKFILL™ BATTERY PUMP 66638/E

- Operates on 6 C-cell size batteries
- 3 interconnecting nozzles
- CE approved
- Shelf box

QUICKFILL™ AC/DC ELECTRIC PUMP 66633E/66634

- 3 interconnecting nozzles
- 12V DC & AC power adapter for easy outdoor and indoor use
- MET approved (110-120V)
- CE approved (220-240V)
- Shelf box

QUICKFILL™ AC ELECTRIC PUMP 66639E/66640

- 3 interconnecting nozzles
- Inflates and deflates
- Increased air flow and pressure with reduced power consumption
- Thermo protector incorporated for safety
- TUV approved (110-120V)
- GS, CE approved (220-240V)
- Shelf box

QUICKFILL™ AC ELECTRIC PUMP 66643E/66644

- 3 interconnecting nozzles with hose
- Thermo protector incorporated for safety
- New shape with easy carry handle
- TUV approved (110-120V model)
- GS, CE approved (220-240V model)
- Shelf box

QUICKFILL™ HIGH PSI INDOOR/OUTDOOR ELECTRIC PUMP 68608E/68609

- For both indoor and outdoor use plugs into cigarette lighter or household electrical outlet
- 3 interconnecting nozzles with hose
- Inflates and deflates
- 2-speed switch
- Inflates athletic balls up to 12 psi
- Increased air flow with reduced power consumption
- Detachable DC cigarette cord
- MET approved (110-120V)
- GS, CE approved (220-240V)
- Shelf box
