INTEX

PureSpa™
THE ULTIMATE SPA EXPERIENCE

2027

Fiber-Tech™ TECHNOLOGY

DESIGNED FOR COMFORT. ENGINEERED FOR DURABILITY.

Fiber-Tech™ Technology is designed to provide structural stability while maintaining a comfortable surface for a relaxing spa experience.

PureSpa™ ADVANTAGES

Fiber-Tech™ Technology for
Comfort and Support

Built-In Hard Water
Treatment System

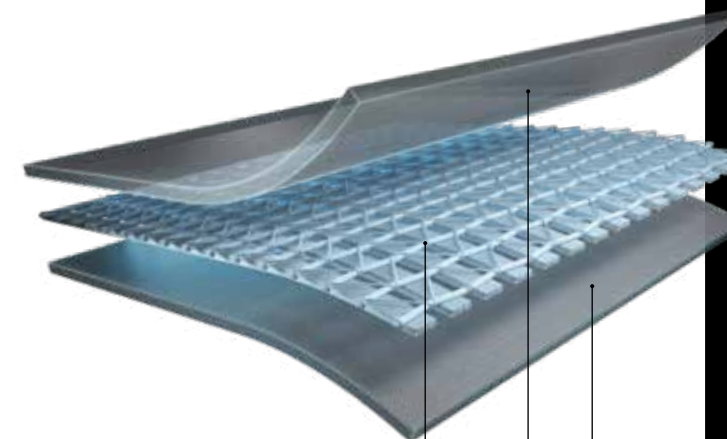

Heated Air Bubbles

Multi-layer Exterior

Puncture-resistant 3-ply laminated material

This product utilizes patented technology.

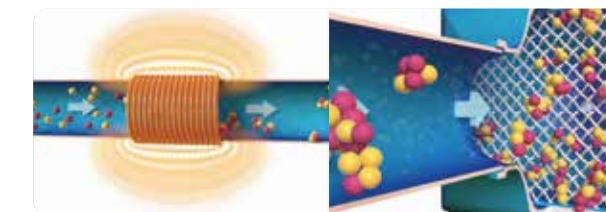

Fiber-Tech™ Technology helps provide comfort and support.

Top & Bottom Layer:
Embossed heavy-gauge PVC

Middle Layer:
Reinforced polyester mesh for added support

Hard Water Treatment System

The built-in hard water treatment system makes water gentler on skin, clothes and the entire spa system.

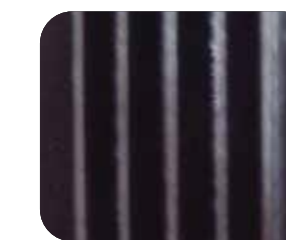

The system generates an electromagnetic field that agitates calcium and other minerals in the water, causing them to create suspended crystals.

The suspended crystals of hard water elements are retained in the filter cartridge, leaving soft water in the spa.

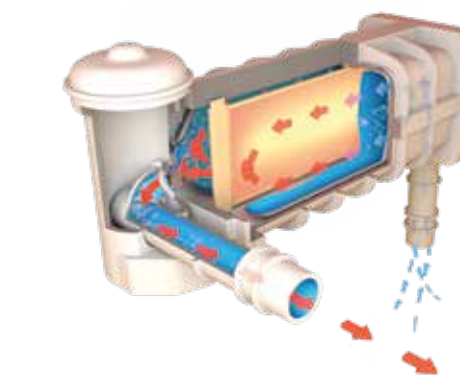

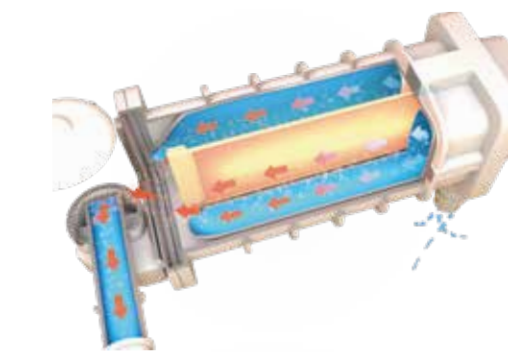

Without hard water treatment: Calcium buildup clogs the heater's water passages.

With hard water treatment: Clear water flow—no limescale buildup.

Spa Heating System

The Positive Temperature Coefficient (PTC) heater is designed to efficiently transfer heat to the water and support consistent performance during normal use.

Discover Pure Relaxation

PureSpa™ models are thoughtfully designed to deliver a comfortable, convenient spa experience in the comfort of your home. The PREMIUM FEATURES are crafted with relaxation in mind, combining soothing performance, simple controls, and comfort — all at your fingertips.

For Family & Friends

Available in 4- and 6-person sizes

Simple Control

Intuitive touch control

Convenience

Krystal Clear™ Reusable Cartridge (with replaceable filters)

Safety

Locking buckles on spa cover to prevent unauthorized access

Minimal Heat Loss

Spa cover to minimize heat loss

Storage

Carry bag for easy storage and transport

Portable

Grab-handles for ease of transport

Protection

Ground cloth to protect bottom surface and mitigate heat loss

Maintenance

Chlorine tablet dispenser or built-in saltwater system water sanitation (model dependent)

PureSpa™ Bubble Massage Spa

Introducing the PureSpa™ 2-4 Person Bubble Massage – the ultimate way to experience pure relaxation in the comfort of your own home. With Fiber-Tech™ construction for structural strength and essential features such as filtration, heating, and 100 bubble jets, this spa is the perfect addition to your home spa experience. Unwind after a long day or indulge in a spa day at home with the PureSpa™ Bubble Massage.

PureSpa™

Bubble Massage Spa

Our 2–4 person Bubble Massage Spa brings effortless relaxation at the touch of a button. The compact control panel powers soothing bubble jets that line the interior, delivering a refreshing, massage-like experience.
